

General P&C Updates

Enrichment Programs

This month the P&C donated \$2000 to the School to help fund Enrichment programs for the students. The money will go towards supplies and equipment to ensure the students have access to a range of creative and interactive learning opportunities.

Bingo Night

Mark your calendars, we have set a date for the much anticipated BINGO Night for the 'lucky' **Friday the 13th September**. More information will be shared shortly as the committee works out the finer details.

End of year Twilight Movie Night & Market

The school has agreed for the P&C to run an End of Year Twilight Movie and Market evening in November. At this stage we are looking for expression of interest from local community members who may have a small side hustle or business that they would like to showcase at the market.

Get in touch with us to register your interest and secure a spot at the event.
